Sponsors Set Fight In Court On Water Plan

Menlo Park Election Called In City's Limits Only

The proposed Menlo Park County Water District, with an election set by the board of supervisors for August 17 on a skeletonized district that would include only Menlo Park proper, headed today for the law courts.

After the board of supervisors Wednesday had scheduled the election and slashed from the proposed district all the unincorporated area, which included nearly two-thirds of the utility system sought by the petitioners, their counsel, Atty. James O'Keefe Jr., announced that he would take the issue to court.

"We are going to fight to have the election on the district as originally bounded," O'Keefe declared.

DISCRETION 'ABUSED'

Supervisors' decision to limit the district area was made after a three-day hearing in which proponents and opponents of the district frequently clashed, and the board heard an attack made on the right of the Veterans Administration Facility staff at North Palo Alto to sign a petition or vote.

The board's action excluded Menlo Oaks, St. Patrick's Seminary, the veterans' hospital, the Hermosa, Drexler, Sharon, Garland and Pierce tracts, and the University Heights and Cotton subdivisions from the area.

O'Keefe charged that in so doing the supervisors were exercising "a gross abuse of discretion."

BUSH SATISFIED

P. E. Bush, president of the Menlo Park Taxpayers' League, which with their counsel, Atty. J. W. Colebourn of South San Francisco and J. E. McCurdy of Burlingame, have bitterly fought the district proposal, complimented the supervisors "on serving notice upon a group of men that they cannot dictate to the people of an unincorporated area."

Jim Mattern Would Retrace Soviet Route

After flying into Mills Field on a United Air Lines plane from Los Angeles, Jimmy Mattern, famous American speed flier, announced Wednesday in Oakland that he would attempt a non-stop flight from Oakland to Moscow within "the next three or four weeks."

Mattern said he would fly over the north pole, refueling in air over Fairbanks, Alaska.

Mattern made his announcement at a luncheon in honor of the three Soviet fliers who flew non-stop from Moscow over the north pole to Vancouver, Wash.

Mattern said he would use a Lockheed 12-A plane, equipped with two motors, each of 425 horsepower.

The plane's top speed is 240 miles an hour, cruising speed, 215 miles.

STARS TAKE PARTS OF STARS

Stars as stars—Frederic March and Janet Gaynor—play Hollywood luminaries in "A Star is Born," the David O. Selznick technical picture currently showing at the Sequoia Theatre. On the same program is an added specialty, "A Day with the Dionne Quintuplets," in which the quint is seen to frolic and romp through their first speaking roles.

Fireworks Sale In Bayshore City May Bring Probe

Grand jury investigation of alleged violation by Bayshore City of an anti-fireworks ordinance adopted by that city's fire district was demanded Wednesday by County Fire Warden Bert Werder.

Charging that a special permit has been issued by the city to a distributor of fireworks permitting him to set up stands and sell the explosives along the Bayshore highway, Werder attacked the city as "trying to override the ordinance."

The Bayshore City Fire District appealed to Werder for aid in their fight with the city fathers against issuance of the permit, he said.

Werder claims that the long-established fire district has jurisdiction over the distribution of fireworks within its boundaries. The district attorney's office has supported the warden in this contention.

The fire warden said there is too much property at stake, with a fire hazard involved, to permit a violation of the ordinance.

Werder said that he asked Grand Jury Chairman Patrick Rorke of Burlingame and Secretary C. M. Dossie of Redwood City to call a special session of the grand jury to take action against the city for the alleged violation, which Werder believes would provide a source for the spread of fireworks throughout the county.

Rorke and Dossie informed him that they would let the warden know late today as to what disposition they could make of his request.

SEQUOIA COURSE PUBLICIZED

The course in home arts and applied science at Sequoia high school came in for nation-wide publicity in a broadcast given this month over radio station WAAB in Massachusetts by Miss Elizabeth H. Manager, Five Bureau Heads Made Elective

Peterson's Amendment Wins; Supervisors' Plan Loses

Swept in by heavy support in the north and unincorporated districts, the Col. Frederick Peterson charter amendments in their original form were approved in the special election that drew but 27 per cent of the county's electorate to the polls Tuesday.

Over warnings by the board of supervisors and numerous experts

on government that to make the county executive elective would be to take a step backward, the voters defeated the supervisors' alternative proposal seeking to retain at least the executiveship as an appointive office.

Unofficial but complete returns gave proposition No. 1, making elective the now appointive offices of executive, treasurer, recorder, engineer, coroner and tax collector, 6785 "Yes" votes to 5289 "No."

Proposition No. 2, which up to the last moment when the north-end votes were counted had appeared a very close race, was turned down, 6319 votes to 5360.

MAJORITY WINS

With only a majority vote required for victory, the Peterson amendments must now first be approved by the state legislature to become effective.

Unless there is a special session of the legislature called by Governor Merriam, this approval cannot be secured until 1939.

Sponsors of the amendment claim that a special session is probable, but officials close to the governor have denied this.

Even granting that a special session will be ordered, the method of electing successors to the present appointive incumbents will probably have to be settled by litigation, according to judicial opinions on the Peterson amendments delivered by Superior Judges A. R. Cotton and Maxwell McNutt.

The petitions specify that the officers shall be elected through a special election called 20 days after the legislature's approval of the measure.

ATTACKED BY ATTORNEY

Dist. Atty. Gilbert Ferrell and the supervisors attacked this plan as illegal, but failed to make good their points in court, where the amendments had a stormy infancy.

Some have contended that if the legislature does not meet again until its regular session beginning in January, 1939, the vote to fill the six offices cannot be held until the next gubernatorial election—in 1942. Others, however, say that the officers could be elected at the presidential election in 1940.

So the very indefiniteness of the nature of the amendments made their victory a hollow one.

Roof Fire Damages Home on Hamilton

A blaze declared by firemen to have started on the outside did an estimated \$50 damage Monday morning to the wooden shingled roof of a residence at 513 Hamilton street, owned by Mrs. F. Schaberg.

The alarm was turned in at 10:35 when flames began crackling from a foot-square area on the roof. Firemen arrived quickly, however, and extinguished the blaze before extensive damage was done.

MENLO PARK NEWS NOTES

J. Leroy Nickel, who passed away last week from injuries sustained in a fall at his home on the Middlefield road, was a great walker. Every afternoon he could be seen strolling along the streets to Santa Cruz avenue and far up that thoroughfare. Despite his age, 86, he was strong and vigorous, straight as an arrow. The years did not take their toll. Mr. Nickel's hobby was raising chickens and pheasants. He had one of the finest aviaries in the county at his home. He was a much beloved man.

Hamilton Morton, age 85, died at his home in Stanford Park last Sunday. He was formerly a street contractor in Redwood City and was well-known throughout the state. The family has lived in Menlo Park for many years.

Mrs. Bertha Louise Agard, 71, a native of Norway, passed away at her home on Oak Grove avenue last Monday. Besides her husband, Hans Agard, she is survived by a son, Henry Agard, and a daughter, Mrs. Bertha Butler, both of Palo Alto. Mrs. Agard, with her husband, lived in Menlo Park for 40 years.

Mr. Agard was an expert horseman and for many years had charge of the stables of the many large estates at Atherton. For eight years he was the trusted chauffeur of the late J. Leroy Nickel, conveying through the large Miller holdings in different parts of the state. Both would be absent on these trips for days at a time. Mrs. Agard was a splendid neighbor, gaining the respect of all by her kindness and gentleness. The funeral was held yesterday and the burial was in Alta Mesa Memorial Park.

After a long illness, William Andrew Carnduff passed away at his home at Ravenswood in the same dwelling in which he was born 68 years ago. His father was one of the early pioneers of the county, having come here in the sixties. The deceased was a sportsman and hunter and knew every inch of the marshes in his locality and the haunts and customs of wild ducks and geese. In his time he probably was the most expert hunter in the state.

Some years ago he built a cabin near his home where his friends came to enjoy duck dinners, cooked deliciously by himself. During the game season numbers would visit this hospitable place and stay for days hunting. There was no limit to duck in those days, so all went home with bags of birds. Mr. Carnduff was a genial man who enjoyed the company of his friends. He is survived by his wife, Mrs. Catherine Carnduff, and one daughter, Mrs. Jeanette Thornton, and four sons, Edgar, Chester, Wilbur and Fred Carnduff. Funeral services were held yesterday and interment was in Cypress Lawn Cemetery.

A letter to friends of Mr. Angus in Menlo Park relates that he is enjoying the scenes of his boyhood in bonny Scotland. Mr. and Mrs. Angus will not be home for several months.

Mrs. L. Ryan is a delegate from Menlo Park Native Daughters of the Golden West to the annual grand parlor session at San Jose. Mrs. Catherine Maloney and other members of the local organization attended the installation of the newly elected officers on Wednesday evening. Governor Merriam was present at the banquet that followed the ceremony.

Rev. Ralph Smith, rector of Trinity Episcopal Church here, is enjoying a well-earned vacation in the northern part of the state.

Last Monday Mrs. Mary C. Murray died suddenly at her home on Hoover street. She had returned from an evening's outing in San Francisco and collapsed shortly after her return from a heart attack. Mrs. Murray was born in Nova Scotia 73 years ago. She was the daughter of the late Doctor Ross of Mountain View. Her husband, the late James C. Murray, had charge of the shoeing shop of the Stanford stock farm when the Stanford racers were winning fame for the farm throughout the country. Murray shod many of those noted horses before they went on the track to win glory. Mrs. Murray was a devoted mother and a kind friend who was respected by all. Two sons survive her, John W. and George D. Murray, both of Menlo Park. The interment took place in Holy Cross Cemetery on Wednesday.

"Cy" Berry, chairman of the American Legion Fourth of July picnic, announces that all plans are complete for the occasion. Everybody is invited to come and spend the day at the picnic grounds and enjoy the many free features, consisting of games and races for the children—amusements and free dancing for the adults, with a display of fireworks in the evening. Everyone is to bring his own lunch. Coffee, ice-cream, soda and hot dogs will be sold by the ladies of the auxiliary.

Supervising District Deputy Grand President Catherine Derry is attending the grand parlor of the N.D.G.W. in San Jose this week.

The W. H. Weeden family will attend the pageant at San Juan Sunday.

Because of the election and the absence of several officers who are on vacation, the regular meeting of American Legion Unit No. 443 was postponed until next Wednesday, at which time the officers for the ensuing year will be installed by Marcia Trier, president of the 26th district, and her degree staff.

Mrs. Carroll A. Devol spent last week-end at the home of friends, Maj. and Mrs. Leon French in San Mateo.

That Miss Cora Ross of Menlo Park would become the bride of Robert Fitzmaurice, also of Menlo Park, in the near future was revealed yesterday with filing in San Jose by the couple of a notice of intention to wed.

Dr. and Mrs. Norman Fenton and their two sons, Norman and Lewis, are established in the Menlo Heights home of the Clarke Whittiers. Dr. Fenton will teach at Stanford during the summer term.

Amendment's Victory Voted by Minority, Board Believes

Inviting resubmission of the Frederick Peterson amendments at a time when a "general" and "genuine" expression of the wish of the people can be obtained, the board of supervisors Wednesday issued a statement that was the most significant of post-election repercussions.

Dismayed at the "apathy" which resulted in a small vote on what they considered one of the most serious crises ever to face the county, the board of supervisors scored the special election result as giving a clear "answer to the question of how minority interests selfish and otherwise, gain control of government."

BOARD UNCHANGED

The board, active in opposition to the Peterson amendments, which will make the county executive, coroner, treasurer, recorder, tax collector and engineer elective, as soon as the amendments are certified by the state legislature, remained adamant against the measures.

Board Chairman Hugh H. Smith of Daly City declared in verbal statements supplementing the supervisors' official announcement that the "board is not satisfied that the election is the genuine wish of the people."

Initiative in seeking resubmission of the amendments will not be taken by the supervisors, Smith said, but he confidently expects that the chance for a genuine county-wide vote at a general election will be requested of the board and granted before the August, 1938, election.

ENGINEER, MANAGER POSTS

The board's statement especially hit the making elective of the county executive and engineer positions. Smith suggested that if the amendments are placed before the electorate again, it will be under a form that will allow separate voting on these two positions with the other four posts grouped under one proposition.

The appointive county executive, as the supervisors have often reiterated, is the "heart" of the charter. The engineer has the spending of \$300,000 in gasoline tax funds under his control and is therefore open to political maneuvers with this money, the supervisors stated.

The board's statement follows: "When we found that throughout the county there were only from 9 to 18 votes cast at many precincts by the middle of the afternoon, we had no doubt of the outcome of the election."

MINORITY RULE

"Our government was founded on the theory that all citizens to the extent of their ability would take an interest and a part in the government."

"When the apathy of the citizens of any part of this country is such that they are satisfied to have propositions as important as those of yesterday's election decided by the vote of about 14 per cent of the citizens, we all have just cause for serious concern."

"Such a situation gives us a clearer answer to the question of how minority interests, selfish and otherwise, gain control of government."

MORE SHOULD VOTE

"Both as supervisors and as citizens, we are not going to be satisfied that the people of San Mateo county are willing to leave the entire road program and the expenditure of some \$300,000 to one man with no other particular obligation than to conduct his office so as to be re-elected, nor that they are satisfied to pay \$6000 for salary alone for a manager position wherein the only qualification for the office is that he live in the county."

"We will not be satisfied that such is the wish of the people

'\$5 Days' Held By McAuliffe

Friday and Saturday were "\$5 days" in Judge Edward I. McAuliffe's traffic court.

The local judge imposed this penalty nine times on speeders arrested by highway patrolmen. Once he said "\$10," and twice "\$250," for speed offenses.

The \$5 contributors were Harold Sattler, San Francisco; Wayne Erickson, Stanford; Ralph Hamilton, Long Beach; Margaret King, San Francisco; Harold Reeves, Palo Alto; Robert W. Borden, Belmont; Andrew Gustavson, Burlingame; Jack Morton, Berkeley; and Donald Reinhold, Mountain View.

Arthur Ivanhoe of San Francisco paid the \$10, and Norman S. Ross and Cecilia Tidwell, both of San Francisco, the \$250 fines.

Failure to stop at arterials cost three other highway offenders \$250 each: Loren Williams of San Jose, Joe Beloross of Redwood City, and Felix H. Manley of Redwood City.

Traffic arrests were light in Redwood City. Local police " nabbed" R. V. Patrick, Jacob Licht and Robert Del Valle for over-parking, with the usual \$1 fines being imposed, and Henry A. Mueller for passing the same amount for driving through a stop signal.

Chicken Pox Cases On Wane in County

A decided improvement in the chicken pox situation in San Mateo county was revealed today by release of the weekly report by Dr. Charles C. Gans, health officer.

Only three new cases were reported, as compared with more than 20 in the preceding week. Mumps and whooping cough comprised the majority of new illnesses, with six of each. Redwood City and the surrounding unincorporated area were declared free of any new cases during the past week.

Deaths from public accidents not involving motor cars numbered 19,000 in 1936, an increase of 1,000 over the 1935 total.

until such time as these questions are voted upon by a far greater number of the citizenry than took part in yesterday's election."

ARMED MAN JAILED HERE

For carrying concealed weapons, a black-jack and .32 caliber revolver, W. H. Tepner, 28, San Francisco hair-dresser, must spend the next 30 days in the local county jail. Police Judge R. L. Stone of Burlingame ruled Monday, following Tepner's arrest there.

Morell Talks To Publishers

George Morell of Palo Alto, president of Peninsula Newspapers Incorporated, which publishes the Redwood City Tribune, returned Monday from Johnsville, returned in town in the Feather River country of Plumas county, where he went to address the annual joint meeting of the Sacramento Valley unit and the Northeastern California unit of the California Newspaper Publishers Association. Morell attended the meeting in his official capacity as president of the C. N. P. A. Principal talks were made by Governor Merriam, himself a former newspaper publisher, and by Morell.

Johnsville, once a flourishing mining community of 3000 people in the early '70's, has dwindled to its present population of less than 50. The meeting was held in Johnsville to popularize its historic and present charm.

Emily J. Stutz Dies in Oregon

She is survived by three sons and one daughter, Charles Stutz of San Mateo, Lester Stutz of Corvallis, Fred Stutz and Mrs. Charles Bashor, both of Modesto.

She had made her home with her son, Lester, in Corvallis for the past year.

Mexican Health Head Sees County Hospital

Brig. Gen. Raymond Alcazar, Mexico City director of health and head of the institution there corresponding to Community Hospital, inspected the county health and welfare departments here over the week-end.

Accompanied by Dr. Charles C. Gans, county health director and himself a former army major, the Mexican physician, who is also director of military health education in Mexico, made a thorough visit to the hospital.

James Packwood, Dr. Gans' secretary, reported that the Mexican officer was well pleased with the peninsula health setup and declared that he would take back many ideas learned here to apply to his work in Mexico. The general is conversant with English, having studied medicine in Stanford University.

**Lapham Asks Return
Of \$7,000 in Taxes**

Roger D. Lapham of Atherton, in a suit on tie today with Federal Judge Louderback in San Francisco, is seeking recovery of \$7,000 in income taxes he claims he overpaid to the government in 1927 and 1928.

John Kidd urged that maintenance of the fire hydrants be met by two water districts. Attorney C. N. Kirkbridge recommended that a provision for fire hydrant upkeep be included in the tax levy and a set amount allocated for fire protection.

Howe Acquitted On One Charge; Faces New Trial

Acquitted of manslaughter charges by a jury which deliberated five hours Monday to cap a trial lasting nearly a week, Cleve S. Howe of 211 Burlingame avenue, Burlingame, 46-year-old auditor for the State Board of Equalization, today faced a new trial on negligent homicide charges arising from the death last Christmas Eve of Harold Crotty, 36, San Jose glass company manager.

Howe's trial before Superior Judge A. R. Cotton was on both charges but the jury disagreed 8-4 on the negligent homicide charge. The decision of the three men and nine women jurors was made known at 9:45 p.m. to Judge Cotton, who discharged them and set next Monday at 1:30 p.m. to fix a date for a new trial for Howe on the negligent homicide charge. Meantime, Howe remains free on bail.

Isaakson, Burglar, Arraigned in P. A.

Having served 60 days in the San Mateo county jail for burglarizing a Millbrae home, Harold Isaakson of Burlingame, Jekyll and Hyde thief who posed as a respectable gold buyer while planning burglaries, was arraigned Tuesday in Palo Alto before Police Judge John E. Springer on a charge of twice burglarizing the Palo Alto apartment of A. C. Dierickx.

Isaakson has admitted taking a \$1,000 brooch and \$1,000 worth of other jewelry from Dierickx' home on November 20, last year, and January 5. He sold the loot in San Francisco for \$240. Palo Alto police said that the United States immigration office has placed a hold on Isaakson. The burglar is a Belgian.

The earth dam at Fort Peck, Mont., the largest of its kind ever built will have an over-all height of 210 feet and stretch 21,000 feet.

'Reciprocity' Plea Earns Cook Freedom

Charges of assault with a deadly weapon, filed against George C. Delaney, 33, Belmont cook, by Mrs.

Mollath, were dismissed Tuesday by Justice of the Peace Hugh Mullin in San Mateo.

The judge said that Mrs. Mollath, proprietor of the O. & G. Clam Bake Shop, admitted to him that on June 5 she had stabbed Delaney through

the shoulder with a butcher knife, not the same weapon, however, which she accused him of trying to use on her two weeks ago.

In South America certain wasps attain a length of 10 inches.
